PREMIUM INVOICE

With the elimination of the pre-printed rewrite applications, several insurance producers have requested that a premium invoice page be developed for billing purposes. The producers indicated that the pre-printed applications were being used as invoices for insureds and mortgage companies.

In response, the Association is pleased to announce the release of a Premium Invoice. The invoice is a part of the application package when the eApp or eRewrite App is used. The Premium Invoice will automatically be included when the application is printed.

The Premium Invoice displays the insured's name and mailing address as well as the name and address of the first mortgagee – if any. The invoice also provides a list of requested coverages and associated premium charges.

The Premium Invoice states that the premium payment is to be made to the agency.

If you have any questions about the Premium Invoice, please contact one of the Association's underwriters.

eREWRITES ARE PAPERLESS!!!
