

WIND AND HAIL UPDATE

*South Carolina Wind And Hail
Underwriting Association
P. O. Box 407
Columbia, SC 29202*

09-03
March 23, 2009

eAPP SIGNATURES

When using eApp, the Producer uses an electronic signature to submit the application. In doing so, the Producer agrees to maintain a copy of the application with a wet ink signature for seven years.

The Association has audited several agencies this year and is pleased to report a level of compliance. Just the same, it important to have 100% compliance.

The South Carolina Department of Insurance requires the Association to produce a copy of the application with wet ink signatures on demand. If your agency is going to use eApp, it is important that a copy of the application be maintained in your files or in your imaging system.

eFINANCE

Have you tried eFinance? It is a new eFeature that allows you to premium finance a SC Wind Policy while using eApp. For more details, see Bulletin 09-02 at www.scwind.com.
