

REWRITE COURTESY NOTICE
May 2016 Notice Re-Sent In Error

In the preparation of the August 2016 Rewrite Courtesy Notices, the May 2016 expiration list was used by mistake. The error was not discovered until after the letters had been mailed.

We apologize for the error and the confusion this has caused both policyholders and producers.

Please ignore the second mailing. Producers can go to the Producer Portal to verify that a policy is in-force.

Again, we apologize for the confusion and will work to prevent this error in the future.

The August 2016 notice is in the process of being distributed.
