Claims Call Center**

Hurricane Dorian is a major hurricane that is approaching the South Carolina Coast. The Governor has already declared a “State of Emergency.” Coastal consumers and insurance producers should take steps to protect their property and family members.

This slow-moving storm is creating uncertainty. The SC Wind Office may be subject to government ordered closings. Should that occur, additional information will be posted at [www.scwind.com](http://www.scwind.com).

If the office is closed, we will be monitoring phones and emails from home. The best way to reach the Association with questions will be:

- Claims – [claims@scwind.com](mailto:claims@scwind.com)
- Underwriting – [und@scwind.com](mailto:und@scwind.com)

***Claims should be reported 24/7 via the Producer Portal or via the toll-free number above.***
